SOME THINGS TO CONSIDER

- For our On-Site Catering & Set-Up Service we can book up to a year in advance so reserve early to avoid disappointment.
- To preserve the quality and integrity of our food we limit our travel to 100 km or within 1 hour's drive of the restaurant.
- Catering prices will vary depending on things like: distance, types of dishes that are ordered, amount of food required, type of service needed.
- Because of the nature of BBQ we sometimes can't fill very large last minute orders, but please, still reach out! Very often we are still able to accommodate your requests!
